

Name (optional): _____

Contact Information (optional): _____

1. How would you define a “mature tree,” and do you prefer a classification by size or classification by species approach?

2. Do you believe that there are certain tree species that are particularly harmful to the City, which should not be protected under this Policy? Are there any trees species that you believe are particularly important to Encinitas?

3. Do you agree with the proposed hierarchy of mitigation strategies presented at the workshop (1. Preserve; 2. Mitigate on site; 3. Mitigate within the neighborhood; 4. Mitigate into a land bank/open space)?

4. Regarding replacement of mature trees, do you prefer a simple ratio approach, a credit table approach, an online tool that calculates replacement ratio/size/type, or other?

5. Which one of the proposed incentives (faster processing time, fee reduction, increase in lot coverage) seems the most valuable or feasible to you?

6. What challenges/constraints do you see with the proposed Mature Tree Preservation Policy as presented at the workshop?

7. Any additional comments?

You can also provide comments online at: encinitasca.gov/maturetree, or email to Evan Jedynak at ejedynak@encinitasca.gov
